Introduction

Discover warmth and elegance whilst combining the perfect harmony of style and functionality with our latest innovation, Osprey Stoves.

Crafted to elevate your living space, the Osprey range redefines the art of heating while embracing the timeless charm of a log-burning stove. Unveil the beauty of dancing flames through the elegantly designed glass door, as the Osprey range promises to be the heart of your home, exuding warmth and comfort all year round.

Meticulously engineered with precision and care, this range seamlessly blends contemporary aesthetics with sustainable heating.

All Osprey Stoves are ECO DESIGN READY, meaning they are the most environmentally friendly stoves, offering low particle emissions up to 90% better than found in open fires & older style stoves.

All Osprey stoves are DEFRA EXEMPT meaning you can burn wood in smoke-controlled zones.

All Osprey stoves come with a 10 Year Warranty. Please see: www.acrheatproducts.com/warranties for more information.

OSPREY 5

5kw

The Osprey 5 is a contemporary freestanding wood-burning stove, ideal for most living spaces. With its clean-cut modern style, it combines aesthetics with functionality to create a perfect centre piece for your home. This contemporary design not only adds a touch of elegance to any space but also provides efficient heating and a cosy ambience.

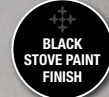

OSPREY eVe

5kw

Embrace the warmth and beauty of the Osprey eVe, gracefully perched on a pedestal base. Its modern design is enhanced by a beautiful curved black glass door, making it a standout piece that combines aesthetics and efficient heating in perfect harmony. Adding a touch of elegance to any living space while providing efficient heating.

A log-store cupboard base is also available as an option.
