STOVES

EVERY HOME DESERVES A HENLEY

THE STOVE COLLECTION 2025

VOL - I

HENLEY STOVES

Henley Stoves is one of the fastest growing stove brands in both Ireland and the UK.

At Henley we are committed to providing quality products at affordable prices backed up with a market leading focus on customer service.
From factory floor to family home, our customers are our first priority.

We pride ourselves on using new designs, new technology and new environmentally friendly standards to ensure we are a market leader in the provision of the latest quality affordable stoves.

We service a range of customers across Ireland and the UK from our distribution centres in South West Ireland, and Ely in the UK.

We have a range of products from traditional wood burning stoves to a wide and exclusive range of bioethanol stoves.

Henley has been at the heart of homes across Ireland and the UK since 1989.

ECODESIGN READY 2022

All Henley Ecodesign stoves in this brochure are stamped with our Ecodesign Ready 2022 logo.

SIA ECO-DESIGN READY

A Henley stove with this icon is a stove which meets the future EU Standards planned for 2022.

DEFRA EXEMPT

A Henley stove with this icon is Defra exempt and has been fully tested to this standard. A Defra exempt stove can be used in a Smoke Control Area whereas a non DEFRA stove cannot.

EXTERNAL AIR

A Henley stove has an external air facility allowing the air to come directly from outside your building rather than through a vent in the room. This is required for heat recovery systems in new build projects.

MULTIFUEL GRATE

A Henley stove with this icon is a stove which comes with a Multifuel Grate.

CLEARSKIES

A clearSkies label means you can be assured that the Henley stove meets all the energy and efficiency criteria, and the different levels allow you to identify how far beyond Ecodesign criteria they go in terms of reducing emissions and increasing efficiency.

EUROPEAN STANDARD

European Standard of testing for stoves fired by solid fuel, incorporating corrigenda September 2003, June 2006 and August 2007.

5 YEAR WARRANTY

Henley stoves come with a 5 year warranty on the body of the stove.

3 YEAR WARRANTY

Henley stoves boiler stoves come with a 3 year warranty on the body of the stove.

15% improvement in emission & efficiency performance on Level 4; And Defra exempt.

AIR-WASH

All Henley stoves come with an air-wash system which helps to keep the glass clean. It uses a specially placed vent or vents to draw in air from the outside which will wash over the front of the glass.

CLEAN BURN

A Henley stove has an tertiary air system. This creates a clean-burn system where hot air is pushed into the firebox above the normal height of the fire. This allows the excess gases to combust giving a cleaner burn.

WOOD BURNING

This icon denotes that this Henley stove uses Wood Fuel only.

ACHILL

BOILER STOVE INSERT

Designed for powerful home heating, the Achill 17.5 is a multi-fuel, EcoDesign-compliant boiler stove that brings both warmth and efficiency to your space. Its insert design integrates seamlessly into your fireplace, while its primary function—heating water to radiators—ensures consistent comfort throughout your home. For optimal performance, we recommend fitting a radiator in the same room to balance heat output. If it gets too toasty, simply switch that radiator off.

*A Boiler's heat output to the room in which it is fitted can vary depending on how many radiators are utilised.
